Projects

AI-Powered Healthcare Assistance Dashboard | Python, Flask, SQLAlchemy, Jinja2, Google Maps API **Mar 2026**

- Developed a healthcare web application that analyzes user-entered symptoms and generates AI-based medical assessments with structured medication suggestions and care guidance.
- Built a follow-up questioning workflow for disease-specific cases to improve response quality and personalize diagnosis results.
- Implemented secure user authentication, consultation history tracking, email verification, and downloadable PDF reports for past medical consultations.
- Integrated hospital-locator functionality using geolocation and map services, along with appointment scheduling features to improve patient support.
- GitHub Repository Link: <https://github.com/Gavisingh12/ai-project.git>

Swachh Bharat Mission ODF Status Dashboard | Python, Pandas, Matplotlib, Seaborn, SciPy, Bootstrap **Apr 2025**

- Developed a data analytics dashboard to analyze district-wise Open Defecation Free (ODF) block status using Swachh Bharat Mission dataset records.
- Built preprocessing and validation logic to clean column names, standardize fields, handle missing values, and compute ODF coverage ratios across districts.
- Applied statistical analysis and outlier detection using Z-score and IQR methods to identify unusual district-level block patterns.
- Generated visual insights through bar charts, histograms, box plots, and scatter plots to present summary statistics and comparative district analysis.
- GitHub Repository Link: <https://github.com/Gavisingh12/python-project.git>

Certificates

- | | |
|--|----------|
| Cloud Computing
NPTEL – Certificate Link | Oct 2025 |
| Data Structures & Algorithms using C++
CSE Pathshala – Certificate Link | Aug 2025 |
| Introduction to Hardware and Operating System
IBM – Certificate Link | Sep 2024 |

Achievements

- | | |
|---|----------------|
| Filed a Patent for an AI-Coordinated Distributed Directed Energy Weapon System. | Apr 2026 |
| Achieved the top position in the University French Examination | Jan 2026 |
| Successfully solved over 100 algorithmic problems on LeetCode to enhance problem-solving skills | Since May 2025 |

Technical Skills

Languages: C/C++, Python, Java, JavaScript

Technologies/Frameworks: Flask, Jinja2, Pandas, Matplotlib/Seaborn, SciPy, NumPy, Scikit-learn, Excel, Power BI

Skills: Data Structures and Algorithms, Statistical reasoning, Problem Solving, Feature engineering, DBMS

Education

- | | |
|---|-------------------|
| Lovely Professional University Punjab | 2023 - 2027 |
| Computer Science and Engineering – CGPA: 7.24 | Jalandhar, Punjab |
| Archana Children's Academy | 2021 - 2022 |
| 12th with Science – Percentage: 73.40% | Jaipur, Rajasthan |
| Archana Children's Academy | 2019 - 2020 |
| 10th with Science – Percentage: 83% | Jaipur, Rajasthan |
